Isaiah 40:31

## ASH WEDNESDAY

The Bishop Ludden community, lead by Father Walker, came together to celebrate the beginning of Lent with mass. Our students and staff had the opportunity to reflect on the payoff of sacrifice and the meaning of this Lenten season.

## COLORING CONTEST WINNER

Vivienne Pritchard, 7th grade, won the 2023 Safe Environment Week coloring contest. Her entry was the winner from all the 7th grade entries across the Diocese of Syracuse. The page she entered will be showcased on the diocesan Facebook page and website during April 2024 as the Diocese promotes the many ways it is committed to protecting God's children. It will also be in The Catholic Sun's April 25th, 2024 edition. She was rewarded with an Amazon gift card as well. Way to go Vivienne!

## ADVENTURES IN THE AMAZON DR CHARLES A MANGO

Our upper-level science classes attended a guest lecture for student appreciation day hosted by Dr. Charles A. Mango, father of three Bishop Ludden alums and local ophthalmology specialist. Dr. Mango has dedicated his life to studying the flora and fauna of the Amazon rainforest with over 28 trips to his base camp and two-and-a-half years entirely spent in the jungle.

Dr. Mango's talk was one of expertise and intrigue, as he led us through the history of the Peruvian Amazon and the environmental science of what makes a rainforest: rain and trees! However, unlike the average CNY Maple, the trees of a rainforest are defined by the buttresses that support their immense weight and the large leaves that soak up what little light enters the canopy. Trees that large take 500 years to replace, making deforestation a serious issue.

Not everything was so dire as Dr. Mango's wit led to more than a few giggles, especially his story of his housemate in the ecolodge where he stayed: Simba the ocelot. Simba could be as tame as a housecat, sitting on Dr. Mango's lap and sucking his thumb, but his stealing of chickens reminded everyone that he was still a wild animal.

Dr. Mango concluded his talk by sharing his animal photography--ranging from him holding a boa constrictor to the tiniest monkey. Sometimes terrifying, like learning that tarantulas can swim, sometimes awe-inspiring, like the pink bottle-nosed dolphins who have been around since Pangea, the Amazon is certainly an amazing and mysterious place.

On behalf of the entire Bishop Ludden community, we would like to thank Dr. Mango for inspiring our students to seek out scientific adventures.

## Ludden Celebrates Catholic Schools Week!

We began the day with a beautiful Candlemas service by Father Dennis Walker and reflecting on the privilege of a Catholic education. Then, we gave back to the less fortunate by making sandwiches and bagging cookies.

Students made Valentine's Day cards for the military and friendship bracelets for our friends at St. Camillus. After a busy day of service, students played kickball and volleyball to celebrate the BL student community.

# Bishop Ludden Wins the CNY Winter Invitational

The Bishop Ludden Junior-Senior High School Quiz Bowl squad took the CNY Winter Invitational with a perfect 8-0 run through the NAQT round robin on February 10.

Many thanks to Chris Romero of the Texas Quiz Bowl Alliance for his mentorship through this process. Our Bishop Ludden teams have improved immeasurably by playing in the TQBA tournaments since 2021. We couldn't have done any of this without Ben Kirk spearheading the new alliance. All of us have hosted at least one NAQT tournament and one IAC History Bee and Bowl this season," explained Coach Babcock.

## Geneva History Bowl Champions

Bishop Ludden Defeated Bishop Grimes in overtime to take the Geneva History Bowl. The varsity team will head to the Northeast Regionals and High School National Championship Tournament instead, while the Junior Varsity squad: Momin, Gabriella Berry, Sophia Azria, Mya Barnaba, Alex Ewanyk, Therresa Quigley, and Noor Naveed will head to the JV Nationals.
