# A LETTER FROM OUR PRINCIPAL

Welcome Back to the 2024-2025 school year everyone!

We are thrilled to welcome you and your children back to Bishop Ludden Junior-Senior High School for another exciting school year; we are filled with anticipation for the wonderful experiences and growth that lie ahead for our students.

At Bishop Ludden we are committed to providing a safe, nurturing, and enriching environment where your child can thrive academically, socially, and emotionally. Our dedicated faculty and staff are passionate about helping students reach their full potential.

This year, we are excited to introduce our new 'Cross Age Mentoring' Program. Currently in its PILOT year, 20 of our 11th and 12th grade students will be paired with 5th Grade Students from Most Holy Rosary Elementary School. This program aims to foster positive relationships between students of different ages, promote leadership skills in our older students, and provide support and guidance to our younger students. Through this program, our older students will have the opportunity to share their faith and serve as positive role models for their younger mentees.

As a Catholic school, we are grounded in our faith and believe in the transformative power of education. We strive to instill in our students a strong moral compass, a sense of compassion, and a lifelong commitment to learning. Through our faith-based curriculum, we aim to help students develop a deeper understanding of themselves and the world around them.

Please be sure to review our school calendar and important dates, as well as our updated Student Handbook . We encourage you to stay connected with our school community through our website, social media, and parent-teacher conferences, email, FACTS and phone calls.

We look forward to partnering with you to create a positive and productive learning experience for your child. If you ever have any questions related to Bishop Ludden please don't hesitate to reach out to me directly at [mfierro@syrdiocese.org](mailto:mfierro@syrdiocese.org).

Looking forward to a great year -

Mary Beth Fierro

She inherited her dad and brother's passion for New York sports teams, as an avid New York Yankees and New York Giants fan. Outside of school, Miss Hickey loves staying active, playing guitar and piano, and binging the latest Netflix hits. She also loves expanding her music taste, so feel free to stop by her room (113) with some song recommendations!

## Sister Chris Pologa

# Every Baby is Born with a Superpower

**Photo Credits: Kevin Chu and Jessica Paul**

Syracuse's Upstate Cord Blood Bank has the capacity to save patients who are suffering from numerous illnesses, which include leukemias, lymphomas, bone marrow cancers, solid tumors, anemias, genetic red blood cell diseases, genetic platelet diseases, immune system disorders, and inherited metabolic disorders. Holy Family mom Annie Straight is the program's Business Manager. She recently gave a tour of the facility to Bishop Ludden STEM Advisor Maxine Babcock. "It's a state of the art facility," explained Babcock. "I learned a lot, especially about how easy it is to donate. It is the only program in upstate New York. You can learn more at <https://www.upstatecordbloodbank.com/>. It's highly regulated and every step has exacting tests and quality control. Also, unlike embryonic stem cell use, there is no moral quandary associated with the use of cells which would have been discarded."

The cord blood is collected after the baby is born and before the placenta is delivered. The umbilical cord contains stem cells which don't have to be a perfect match to the patient in need. Mothers have to go through a short process to donate, including giving informed consent and filling out a highly detailed health history questionnaire.

The whole process is free for the mother and does not bill insurance for any part of the process. According to the website: "cord blood banked for public use is collected directly after the baby's delivery. The umbilical cord is clamped and cut, and your provider extracts the blood from the umbilical vein into a sterile collection bag. There is no pain to you or your baby and the entire donation will be collected in 5-7 minutes."

Mothers tend to learn about the program from their OB-GYN or midwife. Mrs. Straight explained that especially post-Covid, it is more difficult to get buy-in from area providers. The program is most active for births at the Upstate Community Hospital, because of the facility's adjacent location. One of her recommendations is to bring area school health classes to the facility, to help teens understand the ways the program saves lives. Additionally, the program has the capacity to help minorities who often have a difficult time finding a perfect match for bone marrow transplants.

## Welcome Back!

Coach Grace Babcock is back for another year of coaching STEM showing off her coaching cap while training our young Quiz Bowl champions.

Our STEM club includes eSports, robotics, Science Olympiad, and Quiz Bowl.

## Robotics

CNY Robotics and Science Foundations Andrew Leary explained First Lego League to our STEM Lunch group who are busy prepping for this year's competition: Submerged. Our robotics team, coached by Alexa Kulak and Maxine Babcock, will not only build the Lego playing field and program their own robot, but will present the judges with a technological solution to ocean conservation.

## Victoria Anthony, Class of 1981

Victoria (Lavin) Anthony, 60, of Martha's Vineyard, and Syracuse passed away on August 10, 2024.

She was born in Syracuse on August 30, 1963 and graduated from Bishop Ludden High school.

After graduation, she went to Martha's Vineyard and never looked back. Her passionate soul fell in love with the ocean, and island life. She worked in the restaurant business before giving her kind heart to the hospital and home healthcare.

The greatest joy she ever found was being a mother to Shelby, and a wife to Joel. She loved entertaining and opened her home to every family member, friend, child, and animal around. No one could ever feel sad around Vicki as her love and loyalty would engulf them.

Victoria is predeceased by her husband and the love of her life, Joel P. Anthony; her father, Richard T. Lavin; and brother, Richard J. Lavin.

She is survived by her daughter, Shelby Lavin; mother, RoseAnne Lavin; brother, Robert (Mary Beth) Lavin; sister, Elizabeth (John) Cottrell; uncle, Peter (Sally) Ranieri; and several nieces and nephews.

## Prayer for Grieving

*In your hands, O Lord,  
we humbly entrust our brothers and sisters.  
In this life you embraced them with your tender love;  
deliver them now from every evil  
and bid them eternal rest.*

*The old order has passed away:  
welcome them into paradise,  
where there will be no sorrow, no weeping or pain,  
but fullness of peace and joy  
with your Son and the Holy Spirit  
forever and ever.*

**R/. Amen.**
