

ALUMNI Spotlight

Timothy Murphy
Class of 1982

College Education:

Le Moyne College, BA in History
Syracuse University College of Law, JD

Current Occupation:

Managing Partner and Trial Lawyer at Hancock Estabrook, LLP

What is the best advice you could give current Ludden students?

My best advice to current Ludden students is for them to step outside their comfort zone and actively get involved with a variety of class room and extra-curricular activities and develop friendships with many different people because those friendships will endure and be very important throughout your life.

What is your favorite Ludden memory?

My favorite Ludden memory is winning the New York State High School Golf Championship in 1981 along with my good friends Mark Fallon, Brian Keenan and Jeff Myers.

Why are you proud of your Bishop Ludden heritage?

I am proud of my Bishop Ludden heritage because I received an excellent academic education at Ludden, learned the importance of helping others and community service and developed lifelong friendships with many of my classmates and other members of the Ludden community. I am also proud that my three children, Tim '14, Colleen '16 and Ciara '18, all graduated from Ludden and had the same type of very positive experience that I had during my time there.
